

## **Plowman Brothers Ltd**

### **Welder fabricator (MIG) required for high quality agricultural machinery manufacturer**

50 Hours per week (Salary dependant on experience)

Plowman Brothers Limited are a York based Fabrication / Engineering Company. Due to continued growth, we are looking for motivated and proactive individuals to support our workshop team. This is a busy and demanding role and you must therefore be able to communicate effectively at all levels, using your own initiative and planning your time to meet realistic deadlines. Candidates are expected to be apprentice trained or time served.

#### **Description of role**

- Interpreting technical drawings
- Using MIG welder for mild steel welding of various gauges
- Carry out repairs as well as production work
- One offs and batch quantities

Possibility of progression to supervisor level for the correct candidate.

Candidates must be experienced; a welding test would make up part of the interview process.

Positions are vacant with an immediate start for the correct candidate.

Please forward CV to Jack Plowman
