Plowman Brothers York.

Based just north of York Plowman Brothers is a design/engineering/fabrication company which specializes in engineered metalwork and manufacturing a wide range of products to supply a variety of industry sectors. We produce bespoke products to fit our customers' needs ranging from train cleaning equipment and large roof structures to trailers, replacement machine and vehicle components to stairways and metal work for the building industry. We are a versatile company, consistently welcoming and responding to new challenges from our clients.

Hydraulic Fitter

We require a Hydraulic fitter to support an existing team installing new and repairing hydraulic systems mainly on commercial vehicles and associated equipment.

Previous experience working in a similar role is preferred although newly qualified fitters would be considered.

- Good general knowledge of engineering processes is essential.
- Extensive hydraulic system knowledge.
- Basic knowledge of electrical systems.
- Ability to fault find and diagnose issues.
- Willingness to contribute new ideas to the design team to improve current systems.
- Adaptable and able to work in other areas, such as plant and machinery repairs on site.

We offer a competitive rate of pay, contracted to 40 hours per week with additional hours available.

If you are interested and would like to discuss the role further prior to submitting an application please contact Jack Plowman using the details shown below.

How to Apply.

Please apply with Cover Letter and CV to:
