Plowman Bros Limited - York

Based just north of York, Plowman Bros is a design/engineering/fabrication company specialising in engineered metalwork and manufacturing a range of high quality products to supply various industry sectors. We produce bespoke products to fit our customers' needs ranging from commercial vehicle plant and equipment, semi-trailers for transport and waste processing equipment as well as cultivation equipment to name a few. We are a versatile company, consistently welcoming and responding to new challenges, designing efficient, practical, user friendly products that fit a design brief.

Plowman Brothers has an extensive range of modern engineering machinery on site including, CNC plasma profiling, press brake, lathe and milling equipment. As well as pulse synergic welders and painting facilities. We work with aluminium, mild, high strength, wear resistant and stainless steel on a daily basis to fabricate components for the products and services we offer.

Welder Fabricator (MIG)

Candidates are expected to be apprentice trained or time served welder fabricators.

Description of role

- Interpreting technical drawings
- Using MIG welder for mild steel / aluminium welding of various gauges
- Carry out repairs as well as production work
- One offs and batch quantities

Experience working with commercial vehicles preferred but not essential

Possibility of progression to supervisor level for the correct candidate.

A weld test may make up part of the interview process

Positions are vacant with an immediate starts for the correct candidates

Contracted to 40 hours per week with hourly rate dependant on experience, Monday to Friday 7.30am – 4.30pm with one hour for lunch. Additional hours available.

Job Type: Permanent and Full-time

Salary: Dependent on ability & experience

Registered GB 05921275
