### Vacancy: Apprentice Mechanical Engineer/Fabricator Welder

Plowman Brothers Ltd are a family-run business just outside of York in Sutton on the Forest. We specialize in the manufacture of livestock transportation equipment, water treatment and premium agricultural products. We also undertake bespoke fabrication projects across a wide range of sectors.

Our facility, which is all based on one site, houses modern equipment including, CNC laser and plasma profilers, press brake, lathe and milling equipment. As well as robotic and pulse synergic welders and a large commercial paint booth. We also carry out all our own electrical, hydraulic and pneumatic design, assembly and installation. We work with aluminium, plastics, mild, high strength, wear resistant and stainless steels on a daily basis to fabricate components for the products and services we offer. To find out more about Plowman Brothers Ltd, please visit our Facebook page or [www.plowmanbrothers.com](http://www.plowmanbrothers.com)

Due to our continued expansion, we are looking for a number of Apprentice Mechanical Engineers and Fabricator Welders to join our workshop team. As an apprentice you will work alongside skilled engineers to gain an understanding of processes, plant and equipment used across our manufacturing facility, with the aim of becoming a knowledgeable and skilled engineer.

#### Range of duties:

- Fabrication/welding, welding with mild/stainless/aluminium of various gauges
- Jig, bench work and larger project assembly
- Plant and equipment maintenance and repair
- Hydraulic and electrical system service, installation and fault finding/repair
- Machinery operation/inspection

#### Personal Qualities:

- No experience needed
- Desire and commitment to learn
- Willing to put yourself forward and challenge your own ability
- Reliable and punctual
- Take pride in your work
- Effective communication

Candidates will be expected to show a keen interest in engineering and in return Plowman Brothers offer an excellent opportunity to gain experience in multiple engineering aspects with a guarantee of a full-time role in long term and very rewarding career path on completion of studies with a local training facility.

Due to our site and the training facilities location having your own transport would be preferred.

**Payment/Benefits:** This is a full time, permanent position, Monday-Friday 7.30am – 4.30pm with additional hours available. Pay rate **starts at £8.00 per hour** (dependant on age and previous experience) with an additional college attendance payment. **33 days paid holiday** and pension scheme.

Relocation/accommodation allowances available for candidates from out of the area.

To apply, please send your covering letter and CV to:

**Post:** FAO Jack Plowman, address as above / **Email:** [j.plowman@plowmanbrothers.com](mailto:j.plowman@plowmanbrothers.com)
